

HISTORY OF THE UNIVERSITY MEDALLION

The University Medallion was established in 1997 to recognize Indiana State University staff displaying a history of loyalty, dependability and service to the University and the Terre Haute Community. The University Medallion is the highest honor that can be conferred on an employee by the University. ISU staff members nominate individuals they feel have shown exceptional spirit throughout their years of service to ISU, distinguished achievement in their career, and involvement in the community. Their nominations are submitted to the President for review, consideration and final selection.
