Open to the entire ISU community.

Come to hear and see how these students have been affected by their international experiences at ISU and in their study abroad programs. Learn what these experiences mean to our students and how the International Studies Program has shaped their career trajectories.

International Studies Affiliated Faculty and students currently pursuing the Minor in International Studies are especially encouraged to attend. Students in the Minor will gain perspective on how to prepare their own presentations when they take the Capstone Course in future. See how your peers have done it.
