Dr. C. Jack Maynard
Provost & Vice President of Academic Affairs
Indiana State University

Dear Provost Maynard:

I am pleased to present to you the 2012-2013 Annual Report of the College of Nursing, Health and Human Services. This year the theme of the college was "Chart your Own Course". Our efforts focused on identifying obstacles that stood in our way of achieving excellence. As you will read, our faculty and staff have maintained a high level of productivity as it relates to teaching, research, service, and community engagement. Our faculty and staff truly "Charted their own Course" by eliminating inefficiencies which allowed them to focus on their work.

The 2012-2013 academic year was a successful one for the College of Nursing, Health, and Human Services. One of the many highlights of the year was the Nonprofit Leadership Alliance being honored with the 2013 Sprint Campus Partner of the Year Award. This award goes to the best Nonprofit Leadership Alliance Program in the United States. This year we are also very proud of the approval of Doctor of Health Science program as well as the initial accreditation approvals for the Social Work and Occupational Therapy Programs while our Doctor of Nursing Practice Program received a perfect accreditation. We were excited to start the Massage Therapy Minor as well as recognize the first graduating class of the Physician Assistant Studies program. Our faculty and staff have also achieved many accolades within their individual and departmental work. I hope that you will enjoy reading how our faculty and staff have met the expectations of the strategic plan of Indiana State University.

I also want to express my sincere appreciation for the consistent support that you have provided the College of Nursing, Health and Human Services. We hope that we are realizing your vision of a robust College of Nursing, Health and Human Services that is committed to the advancement of Indiana State University and our community.

Sincerely,

Richard B. Williams PhD, ATC
Professor and Dean

Overview

2012-2013 Major Achievements

Best Online Nursing Programs of 2012. The online nursing programs were ranked #3 by Super Scholar. <http://www.superscholar.org/rankings/online/best-nursing-schools/>

Doctor of Nursing Practice program receives NLNAC accreditation for five years. The Department of Advanced Practice Nursing received a full five year initial accreditation for their DNP program. The program opened in 2010 and graduated their first cohort in May 2012. Currently, the program is seeking approval to expand and offer the DNP to nurse educators and nurse executive leaders. The DNP faculty and four students traveled to Washington, DC, where they engaged in experiential learning regarding health policy on Capitol Hill. The experience is sponsored by the National League for Nursing and is supported by a grant through the Center for Community Engagement.

Doctorate of Health Sciences Approved. The Indiana Commission for Higher Education has approved a first-of-its-kind program at Indiana State University to train health care educators. Beginning with the fall 2013 semester, the Department of Applied Health Sciences will offer a Doctorate of Health Sciences degree (D.H.Sc.). The Doctorate of Health Sciences is distinguished by an interdisciplinary approach and will prepare graduates to develop and implement solutions to the complex health issues facing our society.

Entry Level Athletic Training (BS). The Department of Applied Medicine received a 10-year accreditation from Commission on Accreditation of Athletic Training Education (CAATE).

IPE Student Activity. 218 students attended the March 1, 2013, interprofessional (IPE) student activity held in Hulman Memorial Student Union. Students in advanced practice nursing, athletic training, behavioral psychology, billing/coding, dietetics, human development, medicine, nursing, physician assistant science, public health/health administration, radiology and social work participated. The IPE activity grew from the one held in February 2012 to include health professional students in behavioral psychology and billing/coding and added ISU College of Arts and Sciences to the existing IVY Tech State College—Wabash Valley, ISU CNHHS and IU School of Medicine. The planning committee, consisting of Louise Anderson (AHEC), Melanie Castle (IVY Tech medical assisting), Peter Duong (IUSOM) Betsy Frank (BNC), Leamor Kahanov (AMR), Janice Leigh (Psy), Robyn Lugar (SW), Yassenka Peterson (AHS), Linda Walters (BN), Peggy Weber (SW), Julie Will (IVY Tech Dean of Allied Health Sciences) and LouAnn Wiseby (IVY Tech Imaging Studies), met several times during 2012 to review the 2011 data, make revisions based on student input and plan for the March event. Evaluation of the 2013 event and planning for the Friday, February 28, 2014 event are currently underway.

Massage Therapy. The Department of Applied Medicine and Rehabilitation started the program and is the only

minor in the United States in massage therapy. In addition, graduates can be certified in 38 states.

Master's Degree Nurse Education Concentration updated the program of study to include current AACN Master's Competencies.

In response to the changing climate for nurse educators, the Department of Advanced Practice Nursing has changed the nurse educator curriculum. The change consisted of an addition of 2 credit hours and the development of a new Advanced Assessment course for nurse educators.

Master of Social Work program approved. The Master of Social work program was approved by the Council on Social Work Education (CSWE) and is in Candidacy status. The program is scheduled to begin courses Fall semester, 2013.

NCLEX-RN Pass Rates 2012. The NCLEX-RN pass rate for all first-time takers in both the campus and distance programs for 2012 was 91.2%. This reflects an overall improvement of 11% from 2011. The first class of accelerated second-degree students from summer 2012 had a pass rate of 100%.

Nonprofit Leadership Alliance National Award. The Nonprofit Leadership Alliance was awarded the 2013 Sprint Campus Partner of the Year Award – formerly known as the Program of Excellence Award. Such an award signifies the best Nonprofit Leadership Alliance program in the United States.

Occupational Therapy. The Department of Applied Medicine and Rehabilitation received Accreditation Council for Occupational Therapy Education (ACOTE) developing program status and starts the program Summer 2013 for the Masters of Science in Occupational Therapy (MSOT) degree.

Physical Therapy and Sports Rehabilitation Clinic. The outpatient clinic in the Applied Medicine and Rehabilitation has expanded to accommodate the 900% increase in patients over 2 years.

Physician Assistant Studies. The Department of Applied Medicine and Rehabilitation graduates the inaugural class May 2013.

Quality Matters review 2013. The Baccalaureate Nursing Completion Department is seeking the approval by Quality Matters (QM) of all online nursing courses taken in the LPN to BS and RN to BS tracks. Select faculty will complete training with QM to be beginning reviewers and will do a self-evaluation of their own course and a departmental review. Later, the faculty can become Master reviewers who would/could head teams of reviewers.

Sigma Theta Tau International. Twenty-eight undergraduate nursing students were inducted into Sigma Theta Tau International Honor Society of Nursing in 2012-2013.

NURSING, HEALTH, AND HUMAN SERVICES DEPARTMENTS

The Department of Advanced Practice Nursing.

The Department of Advanced Practice Nursing prepares advanced practice nurses as expert clinicians in three distinct areas. The program has three Master of Science (MS) nursing concentrations, two post-master's in nursing certificate concentrations, and one Doctor of Nursing Practice (DNP) program. MS programs foci are in Administration, Education, and Family Nurse Practitioner concentrations. Post-MS certificate programs in Education and Family Nurse Practitioner concentrations are offered. Since 2006, all courses for the graduate programs have been offered through distance learning.

The Department of Advanced Practice Nursing at Indiana State University admitted its first students in 1986, and has maintained continuous accreditation for the Master of Science program by the National League for Nursing Accrediting Commission, Inc. since 1989. The Doctor of Nursing Practice program recently received its initial five year accreditation.

The mission of the Department of Advanced Practice Nursing is to develop competent, caring nursing professional and productive citizens practicing in advanced nursing roles in clinical care, education, and leadership. This mission is accomplished through a variety of teaching modalities, experiential learning, research and/or the application

of research findings, and community and public service.

Department of Applied Medicine and Rehabilitation.

The Department of Applied Medicine and Rehabilitation houses educational programs in four health care professions, Athletic Training (Graduate [MS] and Undergraduate [BS]), Occupational Therapy (MSOT), Physician Assistant Studies (MS) and Physical Therapy (DPT) and a minor in Massage Therapy. The department boasts an interprofessional approach to education where students become proficient in their discipline as well as interacting with other health care professionals. Students who matriculate through the Department of Applied Medicine and Rehabilitation will interact in courses, seminars, and workshops with various health care professionals and pre-professional students to learn to work in health care teams. Augmenting our academic programs, the Department of Applied Medicine and Rehabilitation

provides quality health care through the ISU Rehabilitation Clinic serving the public and ISU athletes and the division of Athletic Training Services serving the Department of Intercollegiate Athletics and its student athletes. The mission of Department of Applied Medicine and Rehabilitation is to provide excellence in interprofessional preparation and collaborative patient healthcare. The department supports the development of productive citizens through mentorship in the quest for new knowledge and research, community engagement, clinical experience, service learning, and progressive comprehensive health care.

Department of Baccalaureate Nursing

The Baccalaureate Nursing Program at Indiana State University admitted the first class of students in September 1963. The Department provides a 4-year program that is designed for students entering without previous nursing education or licensure and an accelerated track for students with an earned B.S. or Master's Degree in another discipline. The mission of the Department is to develop students who are competent, caring nursing professionals and productive citizens. The mission is accomplished through innovative teaching, experiential learning, research, and community and public service with traditional and non-traditional students in a campus-based setting. The Baccalaureate Degree is recognized as the basic preparation for professional nursing practice, and prepares the graduate as a generalist. Baccalaureate nursing education is foundational for graduate study in nursing. The Program has maintained continuous accreditation by the National League for Nursing Accrediting Commission, Inc. since 1989 and is accredited by the Indiana State Board of Nursing.

Department of Baccalaureate Nursing Completion

The Baccalaureate Nursing Completion Department came into existence in the spring of 2008. The tracks within this new department had been part of the previous Baccalaureate and Higher Degree Nursing Department. The RN to BS in nursing track was the first to begin in 1998 and went online in 2000. The LPN to BS in nursing track started in 2004 and went totally online in 2007. The Baccalaureate program has maintained continuous accreditation by the National League for Nursing Accrediting Commission, Inc. since 1969. The mission of the Department of Baccalaureate Completion Nursing is to develop competent, caring nursing professionals and productive citizens. This mission is accomplished through distance teaching modalities, experiential learning at the local level, research, and community and public service.

Department of West Central Indiana Area Health Education Center (WCI-AHEC)

WCI-AHEC is one of eight regional AHEC Centers in Indiana that works in conjunction with the AHEC network office located in the IU School of Medicine, Department of Family Medicine. The WCI region includes the 11 counties of Clay, Fountain, Greene, Montgomery, Owen, Parke, Putnam, Sullivan, Vermillion, Vigo & Warren. The purpose is workforce development for health careers including recruitment, clinical exposure and continuing education with the ultimate goal of obtaining and retaining the right number and mix of culturally competent primary care providers and supporting professionals located in health professions shortage areas. The mantra is "find them, train them, keep them."
