

Indiana State University
School of Nursing
Post-Master's Certificate
FNP Concentration

Required Clinical Hours per Semester

APN644 (offered Spring/Summer) =	135 hours*
APN624 (offered Fall/Spring) =	135 hours *
APN664 (offered Fall/Summer) =	180 hours*
APN670 (offered Fall/Spring) =	<u>225 hours*</u>
TOTAL:	675 hours

*Number of clinical hours needed per week is dependent on the number of weeks in the semester. Summer session is significantly shorter than fall or spring semesters and will require more hours per week to complete course requirements. Students are responsible for achieving the required number of hours and must arrange clinical dates to successfully meet clinical requirements for each semester. Student must consult their course calendar and syllabus for all due dates.

Breakdown of Total Clinical Hours for FNP Track

1. Health Assessment, Maintenance and Promotion (hours completed during 624)	=	135 Hours
2. Women's Health/Gynecological/uncomplicated pregnancy (ambulatory prenatal management includes pregnancy to 8 weeks postpartum; contraception management, STD's, annual exams, hormone therapy, breast health, bone density eval)	=	50 hours
