Notes:

### **Dates & Deadlines:**

- Don't forget the homework for the Assessment Council meeting on 5/10 (details on back).

Next Meeting: Assessment Leadership Team, Friday, May 3, 9am-10am, Rankin 245

# Homework for Assessment Council 5/10

- Review Student Outcomes Assessment and Success Report template.
- Make recommendations for edits to the form with the following in mind\*:
  - Readability
  - Clarity of instructions
  - Usefulness/redundancy of information requested
  - Options for how to collect student success information next year^
  - Alternative reporting styles~

\*Career Readiness reporting will be due on 10/15 as well. Should that be a Part 3 in this report or a separate report due on the same day? *For 2019, this will only be planning data, not assessment findings.*

^I will be meeting with Jason Trainer, VP Enrollment Management, to better understand his vision for student success as a function of strategic enrollment management. This may shape the data asks/reporting structure .

~If we use a different format, we still need to collect the same basic information at least through our AY 19-20 reporting cycle to ensure consistency for our HLC evidence. More substantive changes could go in effect post-visit in September 2020.
