

Happy Holidays from the College of Technology!

VOL. 1, ISSUE 1

December 2018

Happy Holidays from ISU-COT Dean Alp

In August 2018, I arrived to Indiana State University as the new Dean of the College of Technology (COT). I'm so excited to serve at this level for our wonderful College.

As the Fall 2019 semester has come to an end, I want to congratulate the students who have graduated from the College of Technology, as well as, those who continue to choose ISU College of Technology for their educational journey. We are here to assist you and make sure that you have a great experience.

For those of you who have already graduated, exciting things are happening in the College of Technology. The Aviation Department has received \$500,000 from [FedEx](#) to provide scholarships to our Pro-Pilot students for the next 5 years. Also, we have received \$75,000 from [North American Lighting](#) to support our Student Success Center and other Indiana State University initiatives. Many other COT faculty and students have received scholarships and recognition from internal and external entities.

On behalf of the College of Technology family, I wish you a Happy Holiday and great winter break. We look forward to seeing you back on campus or partnering with you in 2019!

Happy Holidays,

Nesli Alp, Ph.D., P.E.
Dean, College of Technology
Indiana State University

Ethan Radcliff sworn in by Captain Pedro.

AFROTC Awards Scholarships

The Air Force awarded two 3-year scholarships to two ISU Aviation Management students, Miguel Prado and Ethan Radcliff.

Miguel Prado poses with Lt. Col. Reyes following enlistment.

AFROTC contracts cadets who receive scholarships and upon entry into the Professional Officer Corps (POC). Upon accepting a scholarship, the cadet then signs a contract with the Air Force starting their commitment to serve. The cadets then take the Oath of Enlistment to affirm their commitment. Cadet Prado received the Commander's Scholarship, an honor that is highly sought after by cadets.
