Picture above with Dean Nesli Alp, Logan Pollard, Construction Management graduate, was the student speaker for the afternoon commencement ceremony. Pollard stated, "This university gave me an appreciation for my small town community and then challenged me to expand my viewpoint to learn from others with different backgrounds and perspectives. From the people who were the superstars of their high school to the ones who were wallflowers, State was a fresh start for everyone - a chance to reinvent ourselves, a chance to experiment and grow."
